

Bruce Goff
Driver, Lipton

Commitment and dedication are two qualities that you get when you choose the Prairie Co-op Fuel Team as your fuel provider.

Bruce works out of our Lipton store, and has worked at the Lipton Co-op for an amazing 40 years. Not only is Bruce dedicated to his work with Prairie Co-op, he is also very dedicated to the organizations with whom he volunteers. He's been volunteering with the Lipton Fire Department for over 30 years, and has been the Fire Chief for most of that time. He has also been very active with the Royal Canadian Legion.

Matt Schiebelbein
Driver, Lipton

Matt is our backup petroleum driver out of our Lipton location. He was born and raised in Medicine Hat, Alberta, has lived in Saskatchewan for the last 6 years. He's been with Prairie Co-op for the last four years.

Your operation is unique, so your equipment requires products that meet those unique needs. Call one of our petroleum locations today to find out more about how we can fuel your farm.

306.336.2333

Lionel Yakimoski
Driver, Ituna

Lionel works out of our Ituna location. He's been in the Co-op system for 33 years, all of which has been in Ituna.

Ituna has been Lionel's home all his life. He enjoys doing outdoor activities with his kids, and watching them participate in sports.

When you invite the Co-op Fuel Team onto your site, you can expect timely service from a member of your own community who is equipped with the tools, training and product knowledge to safely and effectively fuel your operation.

MEET YOUR PRAIRIE CO-OP FUEL TEAM

The Prairie Co-op Petroleum Department is based out of Melville, and has Fuel Team members in Kelliher, Lipton, and Ituna. The Prairie Co-op Fuel Team is a community of fuel experts trained in product and industry development to better inform and serve customers.

Chad Kohlenberg
Petroleum Manager

Chad is the Petroleum manager, and has been with Prairie Co-op for an amazing 27 years. Chad has lived in the Melville area all his life, and works out of the Melville Home Centre.

The Prairie Co-op Fuel Team is a community of fuel experts trained in product and industry development to better inform and serve customers.

Shea Ottenbreit is our Assistant Petroleum Manager. Shea started in February 2017 as a Petroleum driver, after having worked as a truck driver for several years.

Since he started, he has worked very hard taking training courses and learning all aspects of the job. You can find him at the Melville Home Centre in the Petroleum department.

Shea is part of a group of trusted advisors who share industry-leading knowledge and methods to increase efficiency and safety of your operation.

Shea Ottenbreit
Assistant Petroleum Manager

Meryl Michalishen
Driver, Melville

Meryl has been with Prairie Co-op for the past eleven years. He was born in Yorkton, but now lives in the Willowbrook area. Meryl is a full-time petroleum driver who works out of our Melville office.

Why choose Prairie Co-op as your bulk fuel provider? Prairie Co-op boasts a product line that keeps up with the harsh seasonal conditions experienced in Western Canada.

Christian Rae
Driver, Melville

Christian Rae works in Melville as a full-time petroleum driver. He has lived in Melville since 2009, and when he's not delivering fuel to farms in the Melville area, he enjoys fishing and classic cars.

Being part of the Prairie Co-op team runs in Christian's family — two out of his three daughters have worked for Prairie Co-op.

During the busiest times of the year, you want to know that your tanks are full and that you're backed by a team of specialists committed to your success.

Kevin Kurtz
Driver, Melville

Kevin is the newest member of the Petroleum team. He drives for us seasonally when the demand for bulk fuel is high.

With seasonally adjusted fuels and diverse synthetic and non-synthetic lubricants, the Co-op Fuel Team can recommend the right product combinations to maintain and improve equipment operability and efficiency.

Reece Cooper
Driver, Kelliher

Reece drives a fuel truck for the petroleum department, but when he's not busy on the truck, he's a huge help at the Kelliher Farm Supply. He pumps fuel, fixes tires, does oil changes and stocks shelves.

After work, Reece enjoys hunting, fishing and almost everything outdoors. He's always quick to volunteer in the community.

Prairie Co-op is a different kind of company. We are committed to giving back to the communities in which we are located.
