

# PRAIRIE CO-OP: YOUR LOCAL EQUIP TEAM

Coop helps equip Western Canadian farmers for success.

The Prairie Co-op team of on-farm equipment specialists is dedicated to making your farm safer and more efficient. From grain storage and handling, through to remote bin monitoring, we provide practical knowledge and expertise every step of the way.

Locally owned by members like you, Prairie Co-op is a different kind of business. Together, we can grow your farm and our community.

## *On-farm storage and chemical handling solutions made easy*

Talk to one of our knowledgeable Ag Sales Representatives to determine the best on-farm storage and chemical handling equipment needs.

We have Westeel and Meridian bins with or without aeration and large storage bins.

## Smoothwall Bins

From Meridian, we handle smooth wall fertilizer bins, and their bin auger line.

We also carry fuel tanks for your bulk fuel deliveries. There are four sizes of single wall tanks available — 2,250 litre, 4,500 litre, 8,550 litre and 11,000 litre.
